

INTRODUCING

Two trusted names in lighting, both founded in 1931, are now one.

With the acquisition of CML, the Oshino Group is combining almost two centuries of expertise delivering powerful, high-performance lighting solutions to global markets.

Key products;

- Panel mount indicators
- Incandescent and LED lamps
- Contract manufacturing
- Bespoke products
- UL approved

For markets;

- Industrial
- Rail
- Aerospace
- Offshore
- Automotive

Built to exceed the toughest industry standards for performance, durability and compliance in industries including aerospace, automotive and rail, the combined Oshino/CML brand is lighting the way forward.

Based LEDs
